

Draper® Exclusive Budget Blinds “NO QUESTIONS ASKED” Warranty Program

The Draper® “No Questions Asked Warranty Program”^{**} is available exclusively to consumers who purchase Draper window shades through Budget Blinds retail franchisees as of August 15, 2020.

If, after the initial installation, within five years of the original date of purchase (“No Questions Warranty Period”), a shade should become damaged or inoperable, Draper will provide a free one-time replacement or repair. (Bead chains are excluded from this warranty.) Replacement or repair will be at the discretion of Draper, Inc.

The damaged or inoperable shade will be replaced with the same product, color and fabric. If the original color is no longer available, the replacement will be the closest equivalent color available. Draper, Inc. is not responsible for color or texture variations between the new shade and the old shade.

The shade must not have been moved from the original window opening. Motors and batteries are not covered by this warranty. This warranty does not apply to damage or inoperability caused by “acts of God,” such as fire, flood, storm damage, earthquake, and other natural disasters. Warranty does not cover negligence or abuse.

This warranty is offered to the original purchaser only, and exclusively through participating independently owned and operated Budget Blinds franchises. Draper is not responsible for shipping or travel and labor for measuring, shade removal, and/or replacement.

The original purchase receipt should be retained and may be required for a warranty claim.

*Single shading units that are more than 16' wide are not covered under this warranty.
