Commercial Shades

# Innovation in Roller Shades

INDUSTRY LEADING: DESIGNED, ENGINEERED, AND CRAFTED IN THE USA

Draper® shades installed at Austonian, Austin TX. Photo by Matt Oberer, [www.mattphoto.net](http://www.mattphoto.net).

Products: Motorized FlexShade™ with E Screen 3% White Pearl,  
Private Residence, Architect and Photographer: Dru Turbee, AIA, LEED® AP

## HOMETOWN TO WORLDWIDE

---

Creating **partnerships**, designing and manufacturing **innovative products** with **integrity**, as we have since 1902.

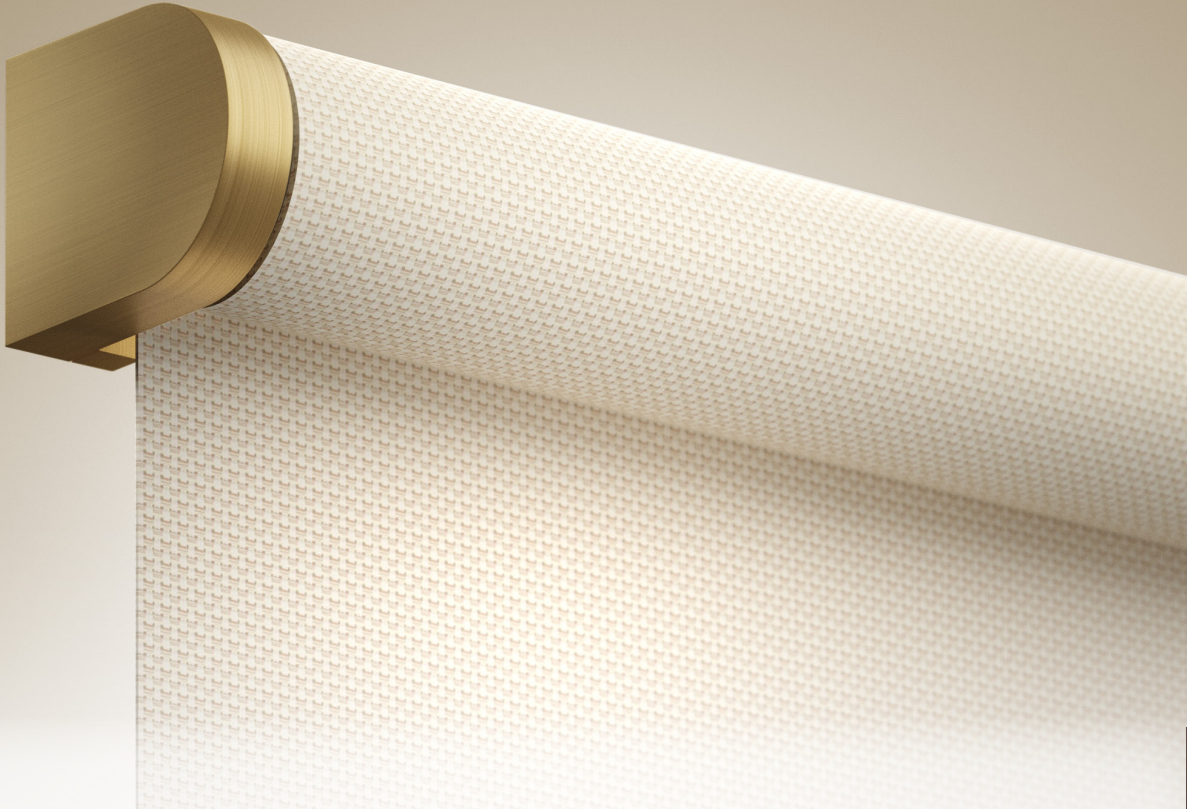

Based in Spiceland, Indiana, Draper® manufactures solar and roller shades for residential and commercial applications. Established in 1902, Draper is a leader in window shade manufacturing.

- All window shade products are manufactured in our 400,000 square foot facility in Spiceland, Indiana.
- We have over 700 locally based employees.
- Draper is investing in people, advanced production equipment, and manufacturing processes to allow us to keep up with rapidly increasing demands.
- These investments allow us to manufacture high quality shading products with short production schedules, and deliver them when you need them.
- Draper manufactures solar and roller shades with high quality fabrics, many woven in the USA by Phifer and Mernet.

# Roller Shades

OPTIONS TO FIT YOUR NEEDS

## SMART HOME COLLECTION BATTERY SHADE

Quiet, easy-to-install, long-lasting, rechargeable shades. Suitable for most windows. Convenience of motorization at an attractive price point.

- Sizes up to 12' wide\*. See Page 7 for components.
- Control from wall switch, hand held remote control, phone app, or through home automation systems.
- Battery wand inside the roller.
- Rechargeable batteries charge from 110V outlet.

## FLEXSHADE® BATTERY

Ease-of-installation in very tight or hard-to-reach interior spaces, without the need for wiring or an electrician. Safe option if small children present.

- Available in sizes 18" to 96" (45 cm to 244 cm) wide\*
- Easily programmable.
- Choose re-loadable battery wand, or rechargeable Li-ion battery motor.
- Mounting brackets (standard). Optional fascia with endcaps, or headbox with closure.

## MOTORIZED FLEXSHADE®

High-tech convenience, plus multiple control options, with the ability to synchronize automated control.

- Convenient control from wall switch, handheld remote control, or through home automation system for residential or commercial applications.
- Available for large windows. Sizes up to 16' wide\*.
- Available in 110V and 24V options.

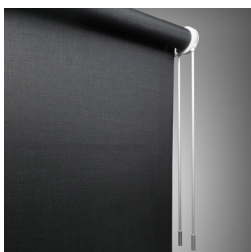

## CORDLESS FLEXSHADE®

Child-safe by design: Spring roller operated with controlled speed return.

- This manual shade offers brackets only. (No fascia or cassette option.)
- Available for shades up to 8' wide\*.

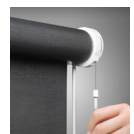

Optional mounting

## FLEXSHADE® TWIN PULL

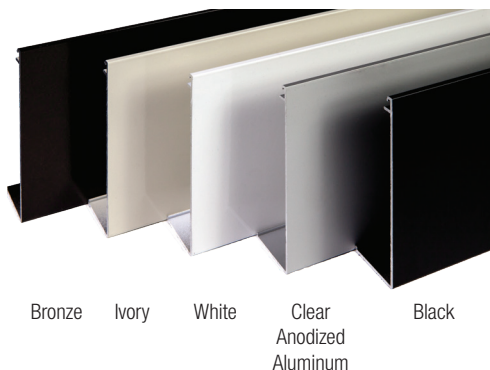

Shade controlled with pull wands, designed to be child-safe.

- This manual shade offers brackets only. (No fascia or cassette option.)
- Available for shades up to 8' wide\*.

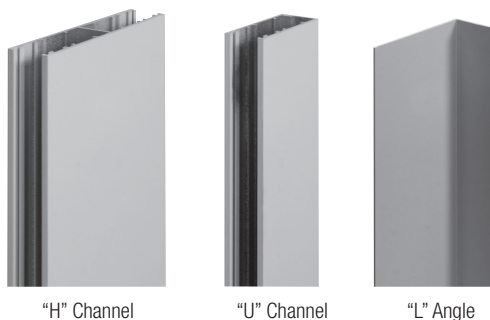

## FASCIA

## SIDE CHANNELS

## HEM BARS

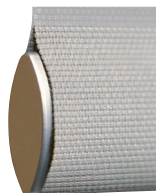

### Standard Hem Bar Sealed End

1" aluminum elliptical slat inside of a 1 5/8" pocket with heat sealed ends.

### Exposed Hem Bar Large Rectangular

1 1/2" X 5/16" aluminum rectangular hem bar with plastic end caps.

### Standard Hem Bar Open End

Plastic hem bar end caps provide a finished look. 1" aluminum elliptical slat inside of 1 5/8" heat-seamed pocket with open pocket ends. Plastic end caps on hem bar.

### Exposed Hem Bar Round

3/4" aluminum round hem bar with plastic end caps.

### Exposed Hem Bar Small Rectangular

7/8" X 5/16" aluminum rectangular hem bar with plastic end caps.

## HARDWARE FINISHES

Clear anodized, or powder coat black, white, ivory, or charcoal bronze. Sand in exterior hardware only.

## HOLD DOWN

Secures bottom hem bar. Perfect for shades installed on doors.

## VINYL L ANGLES

Helps reduce light infiltration on sides and bottom.

**10%** ▲ OYSTER  
SW2600 (2360) ▼ CHARCOAL

## STYLES

### Solar

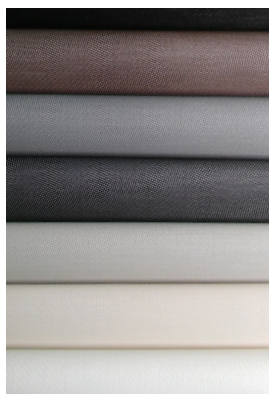

Woven fabrics that reduce heat and control glare while preserving a view to the outside, in a variety of openness factors.

### Decorative

Translucent fabrics that add style to any residential décor.

### Privacy

The most opaque to provide privacy and darken rooms. Ideal for bedrooms and bathrooms.

## WEAVERS

Phifer and Mermet provide solar, decorative, and privacy fabrics, most woven in the USA.

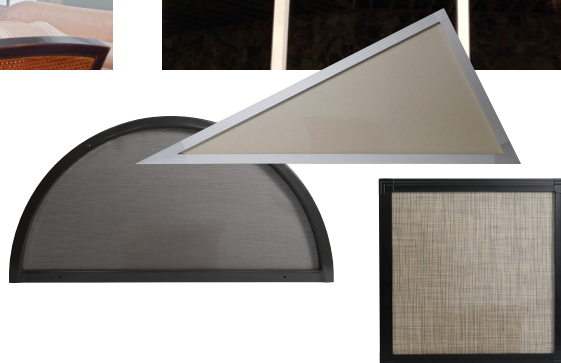

## FlexShade® Fixed Panel

UV AND SOLAR PROTECTION FOR UNIQUE SHAPES

## FLEXSHADE® PANELS

FlexShade Panel window covering features a non-operable panel, sunlight filtration system for hard-to-reach openings. Well-suited for skylights, sloped glazing, or odd-shaped openings. Installation can be inside or outside.

# Outdoor Living

SHADES FOR YOUR OUTDOOR LIVING SPACES

Controls the harsh glare of the sun and reduces solar heat gain.

Prevents insects from entering your outdoor space.

Protects from wind and rain.

Provides a comfortable outdoor living space in nearly all weather conditions.

**Extend your home or business space through shading.** Create more functional exterior spaces with outdoor shades that filter harsh glare, help control temperature, and serve as an operable insect screen or room divider.

Scan or click here to see all of the Draper outdoor living solutions.

**Including:**

- FlexShade® ZIP
- Exterior Motorized FlexShade®
- Exterior Crank-Operated FlexShade®
- Exterior Clutch-Operated FlexShade®
- And more!

ABOVE: An outdoor dining area with FlexShade ZIP enclosure (no glass windows) maintains a comfortable temperature from the outdoors with shades down and heaters on.

## FLEXSHADE® ZIP 127

Motorized wind resistant exterior shade used to cover windows or enclose outdoor spaces.

“Zipper” detail is welded to the two vertical sides of the fabric panel to prevent fabric from pulling out of side channels, even in windy conditions. Sizes through 192” wide make FlexShade ZIP ideal for large outdoor spaces.

**Obstacle Detection Motors**

All ZIP shades come standard with obstruction detection motors. As soon as the hem bar touches an obstacle, the motor stops.

# Custom Colors & Patterns

ENHANCE YOUR SPACE WITH CUSTOM PRINTS

Private Residence. Dealer: Lakeview Shade and Screen, Richmond, IN

Bring your spaces to life with Shade Innovations: printing on your window shades! **Select a solid color to match your décor, supply your own artwork\*, or choose from a library of patterns.**

Scan for more information on printed shades.

## COLOR MATCH SHADES

Enhance any décor: Draper® can print shades to accurately match any color.

We'll print shade fabric to match Sherwin Williams paint swatches, Pantone color libraries, and more.

## CUSTOM GRAPHICS

Fill your windows with your brand, logo, or art. Just provide the artwork!

Graphics can be printed to face room side or window side. Even outdoor shades can be printed in-house at Draper®.

Double-sided printed shade, Puckett's Grocery & Restaurant, Budget Blinds of Cullman, AL

## PATTERNS

Choose from a library of professionally-designed patterns—see the **Shade Innovations booklet**, or visit:

[draperinc.com/windowshades/graphicshades/patterns.aspx](http://draperinc.com/windowshades/graphicshades/patterns.aspx)

Each pattern will be tiled to flow smoothly and seamlessly, regardless of size.

Selection of patterns; not shown to scale. See link above for more patterns.

\*Printed on a choice of white fabrics. Some limitations apply.

Scan to explore  
more shades.
