Smart Home Collection Battery Shade

> " *Just installed our first Smart Home Collection Battery Shades from Draper. Came programmed—very easy. Super quiet and impressed with synchronization.* "
>
> – Jeff Anderson, Budget Blinds of New Orleans, LA

Smart Home Collection Battery Shade, manufactured exclusively by Draper®, offers even more advantages over traditional battery-operated shades including quieter operation, no external battery wand or batteries to replace, and easy to use controls.

- Plug 5V USB charger into 110V outlet or optional solar panel.
- Wide range of sizes up to 12' wide.
- Lower cost entry point for those wanting motorization.
- No battery wand to hide: batteries are inside the motor.
- No disposable batteries: uses rechargeable lithium-ion batteries.
- Charges with a standard micro-USB plug (not included).
- Each charge lasts months.
- Extremely quiet operation.
- Installs just like a manual window shade: No wiring or electrician needed.

ACCESSORIES AVAILABLE:

- Charger for Smart Home Collection Battery Shades.
- Solar Panel for Smart Home Collection Battery Shades.

CONTROL OPTIONS AVAILABLE:

- Remote control that can be used to set motor limits. Flush mount to the wall for a conventional look with no need to cut into the wall.
- App for mobile devices is available. Program the top and bottom limits and receive notifications when the battery needs recharging. Integrate with popular control systems.
- Smart Home Collection Battery Shade Sun Sensor.
- Smart Home Collection Battery Shade Wi-Fi to 433 2-way RF Bridge Kit, the Rollease Automate™ Pulse 2 Hub.
- Wall Switches.
